

Gowanus clean-up

Jenene G Garey to Docket Superfund

07/01/2009 10:25 AM

Dear EPA,

I am pleased that the EPA is again on a track that I believe was the purpose of the fund. Therefore, I support EPA's designation of the Gowanus Canal as a Superfund Site. Furthermore, based on my understanding of the problem, I believe that the most effective way to achieve a clean Gowanus is in accordance with the high environmental and safety standards that are a part of EPA's Superfund National Priorities List program.

Please give your attention to what I believe is critical to be moving forward with for the Gowanus Canal as soon as possible. Thank you.

Sincerely,

Jenene G. Garey
